

The Global Meltdown Domino Effect

God's Judgment of Fire

**The Redsky Ministry reveals 14
Catastrophic Climate Events in the
Revelation of Jesus Christ which will
kill 2 billion people and re-shape the
world as we know it.**

“About the time of the end, a body of men will be raised up who will turn their attention to the Prophecies, and insist upon their literal interpretation, in the midst of much clamour and opposition.”

Sir Isaac Newton

Global Catastrophe

Are you worried about Global Warming?

Are you concerned about what is happening to the planet?

Surely if it is going to be such a catastrophe then God must know about it?

Find out what the Bible says about global warming and what the Bible says you should do.

We reveal what's been hidden for two thousand years.

About Redsky

The Redsky Ministry was set up in March 2005 to share a very important message concerning what is coming upon the planet in the next few years.

Redsky has many supporters, but at the core are three key people. (The Triumverate)

Andrew Inns Director, Christian 20 years, background Church of England, Christian Fellowships and Pentecostal Church. (Holds The Vision)

Reverend Geoff Wildman B.Th. Support, Christian 32 years, background Pentecostal Church and Christian Fellowships. (Support)

Mark Golding, Christian 32 years, background Church of England, Christian Fellowships and Pentecostal Church. (Communications)

Please Note:

If you are a Christian, then there is an important message for you on the last page of this document. Please read it.

Introductory Scriptures

“Take a look at the following scriptures and ask yourself, could the events being described be anything to do with global warming?”

Luke Chapter 21 Verse 10 says:

Then he said to them: “Nation will rise against nation and Kingdom against kingdom”. There will be great earthquakes, famines and pestilences in various places, and fearful events and great signs from heaven. (NIV)

Matthew Chapter 24 Verse 29 says:

Immediately after the distress of those days “the sun will be darkened and the moon will not give its light; the stars will fall from the sky and the heavenly bodies will be shaken.” (NIV)

Joel Chapter 2 Verse 30 - 31 says:

I will show wonders in the heavens and on the earth, blood and fire and billows of smoke.

The sun will be turned to darkness and the moon to blood before the coming of the great day of the Lord. (NIV)

2 Peter Chapter 3 Verse 6 - 7 says:

By these waters also the world at that time was deluged and destroyed. By the same word the present heavens and earth are reserved for fire, being kept for the Day of Judgment and destruction of ungodly men. (NIV)

Isaiah Chapter 30 Verse 26 says:

The moon will shine like the sun, and the sunlight will be seven times brighter, like the light of seven full days. (NIV)

Luke Chapter 21 Verse 25 - 26 says:

There will be signs in the sun moon and stars.

On the Earth, nations will be in anguish and perplexity at the roaring and tossing of the sea. Men will faint from terror apprehensive of what is coming upon the world, for the heavenly bodies will be shaken. (NIV)

Revelation Chapter 11 Verse 18 tells us that:

“The time has come for destroying those who destroy the earth” (NIV)

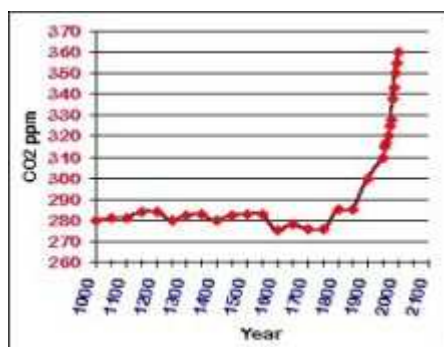

So what could be coming upon the planet that could be so bad that men will faint in terror?

Is God really going to destroy those who destroy the earth?

You will find out in the in the following pages, but before we reveal just what these things are, we first need to gain an understanding of just what global warming is and why it is happening.

The Methane Monster

Global Warming

There is a natural process of Global Warming caused by water vapour. The water vapour traps heat from the sun which keeps the planet warm and inhabitable. (Many people argue this point to avoid the issue and justify their consumerism.) However, the burning of fossil fuels has caused an imbalance of this natural process. Carbon Dioxide given off by this burning, causes further radiated heat from the sun to become trapped and temperatures rise. The more Carbon Dioxide in the atmosphere the hotter it gets.

Some of the Carbon Dioxide is absorbed by falling water droplets and becomes acid rain. **Carbonic Acid**

Other gases given off by manufacturing and cars are Sulphur Dioxide and Nitrogen Oxide. These too are absorbed by water droplets in the clouds to form **Sulphuric Acid** and **Nitric Acid**. These also fall as acid rain.

The greenhouse effect has only been a notable problem since our pursuit of consumerism (Idolatry) which began with the industrial revolution. This is easy to see in the graph above.

The Real Problem

Although Carbon Dioxide emissions are a problem, they are not the real problem, but they have triggered the real problem.

In the ocean floor and the permafrost are frozen billions of tons of a greenhouse gas called Methane Hydrates which is about 21 times more effective at trapping heat than Carbon Dioxide. Methane Hydrate deposits equate to nearly 3 times more than all the planets coal and gas reserves.

Above is a map of Methane Hydrate deposits around the world.

In Siberia, a peat bog the size of France and Germany combined, that had previously been frozen for thousands of years is melting and billions of tons of Methane are being released into the atmosphere.

This will cause an increase in temperatures which in turn will see the release of billions of tons of more Methane from the sea floor.

Also recently reported on our web site news pages, many arctic lakes have evaporated and the permafrost below is emitting methane.

The Global Meltdown Domino Effect has started...

How did the Methane Hydrate get there?

It would have been laid down at the time of Noah's Flood. During this world-wide catastrophic event, water at great depths and intense pressure, known as Hydrothermal Water (HTW) or Critical Water, has the ability to dissolve huge quantities of rock materials. At the time of the Flood, they were able to rise to the surface and deposit their various solutions at different levels as they cooled and precipitated out the strata that we see today. The fineness of clay particles can only be explained as a chemical precipitate. Amongst the many chemicals trapped in the strata would have been methane gas. As this seeped out in frozen areas (Siberia), it would become trapped in an ice lattice and solidify as Methane Hydrate. Where it seeped out in cold areas and under pressure (the edges of continental shelves) it would accumulate as huge deposits of Methane Hydrate.

Freezing temperatures and water pressure formed a lattice work of ice which absorbed the Methane and locked it in;

Until now...

So rather ironically, out of God's first judgment comes the fuel for God's second judgment.

The Global Meltdown Domino Effect

The Arctic regions defrost and billions of tons of Methane are released into the atmosphere. Temperatures rise dramatically, which triggers billions of tons more Methane being released from the sea floor. Again Temperatures spiral upwards.

Event 1 - Rev. Ch. 8 V 7

The year at the time of writing this is 2006. Imagine for a moment that each year for the next ten years more and more Methane is released in to the atmosphere. Every year, more heat is trapped by the Methane resulting in more Methane being released and so on. This brings more violent storms. During thunder storms water droplets start to freeze in the head of the thundercloud to form hail. When Methane is present, water freezes at a slightly higher temperature than usual. The ice forms a lattice type structure, drawing the Methane in like a sponge and locking it in.

A flash of lightning inside the head of the thundercloud ignites the "hailstones" and they fall to earth. The first wave of burning hail falls "clean" but ignites vegetation a lot of which will be in clay soils. This results in tiny red particles carried by the heat being pushed up into the atmosphere. These particles are then absorbed by water droplets and the process begins again, but this time the burning hailstones appear to contain blood.

Revelation Chapter 8 Verse 7 says:

The first angel sounded his trumpet, and there came hail and fire mixed with blood, and it was hurled down upon the earth. A third of the earth was burned up, a third of the trees were burned up, and all the green grass was burned up. (NIV)

Apart from the devastation this will cause, think of the amount of Carbon Dioxide that will be given off strengthening acid rain and causing further increases in temperatures.

Isaiah Chapter 30 Verse 22 fulfilled.

Then you will defile your idols overlaid with silver and your images covered with gold; you will throw them away like a menstrual cloth and say to them, "Away with you."

People idolize their consumerism and particularly their cars. When the burning hailstones start to fall, people will turn away from consumerism.

This in turn will cause a global economic collapse, and it is certain that the armed forces will be used to help refugees and maintain order, a task for which in 2007 they are already being trained.

Event 2 - Rev. Ch. 8 V 8

In the Atlantic Ocean just off the coast of West Africa sits Cumbre Vieja an active volcano in the Canaries. When this volcano erupts in the future it is likely that the west face will landslide into the sea. This will equate to a piece of rock twice the size of the Isle of Man hitting the water at 200 miles per hour.

This will create a dome of water 2,700 feet high, which will then collapse, rebound and generate a mega tsunami.

Within minutes of the collapse waves over 300 feet high will hit the Western Sahara. A few hours later waves over 140 feet high will hit the north coast of Brazil and after about 5 hours the east coast of the United States will be hit with waves over 150 feet high destroying New York, Boston, Florida etc.

This landslide and mega tsunami will also sink any shipping along the coastline. The wave is expected to travel about 18 kilometres inland flushing the contents of the drains and sewers into the sea. This pollution coupled with risen sea temperatures will cause a toxic bacteria bloom "Red Tide" which will spread across the Atlantic and will kill most of the fish.

Revelation Chapter 8 Verse 8 says:

The second angel sounded his trumpet, and something like a huge mountain, all ablaze, was thrown into the sea. A third of the sea turned to blood, a third of the living creatures in the sea died, and a third of the ships were destroyed. (NIV)

In 1949 an earthquake caused the west face of Cumbre Vieja to crack and move towards the sea. Temperatures weren't sufficient to send it all the way in those days, but that is about to change.

Event 3 - Rev. Ch. 8 V 10 & 11

In the soil occur natural metals which are toxic to all life. These toxic metals are: Aluminium, Arsenic, Beryllium, Cadmium, Copper, Lead, Mercury and Nickel.

Under normal circumstances, they are quite harmless as they are bound into the geological structure of the earth; however, they are released in the presence of acid and then find their way into our natural drinking water resources.

Acid rain is already causing this effect to some degree, however, in a few years from now, given the amount of Nitrogen Oxide, Sulphur Dioxide and the massive amounts of Carbon Dioxide particularly from the burning vegetation as a result of the burning hail, acid rain will be strong enough to release these toxic metals in a big way.

Natural water resources will become contaminated with toxic metals and the acidic water will taste bitter. Drinking the water will cause; Headaches, Nausea, Vomiting, Hallucinations, Kidney Failure, Liver Failure, Coma and Death.

Flooding will cause the toxic metals to spread across farming land which is a contributor to **Event 8**.

Toxic metals can also cause deformities in wildlife that lay their eggs in the soil.

This is a key factor in event 5.

Revelation Chapter 8 Verse 10 & 11 says:

The third angel sounded his trumpet, and a great star (Angel) blazing like a torch, fell from the sky on a third of the rivers and on the springs of water. The name of the star (Angel) is Wormwood. A third of the waters turned bitter, and many people died from the waters that had become bitter. (NIV)

Wormwood is a plant which is widely grown throughout the Middle East. It has a very bitter taste and Ingesting even small quantities can cause Headaches, Nausea, Vomiting, Hallucinations, Kidney Failure, Liver Failure, Coma and Death.

Event 4 - Rev. Ch. 8 V 12

In various places around the world are what are known as super volcanoes. One super volcano that is attracting a lot of nervous attention at the moment is in Yellowstone National Park. A number of changes are happening to the local terrain for example; Norris Basin nearby has been raised up 35 inches since 1923.

One end of Yellowstone Lake is now 100 feet higher than the other end, causing flooding. Trees in

the park are dying as their roots cook in the heat. There is no doubt that Yellowstone will erupt again and scientists tell us that this eruption is overdue. When it does erupt, the clouds of ash will cause the sun, moon and stars to no longer be visible for a good proportion of the day and night. **(As Jesus said)**

Revelation Chapter 8 Verse 12 says:

The fourth angel sounded his trumpet, and a third of the sun was struck, a third of the moon and a third of the stars, so that a third of them turned dark. A third of the day was without light, and also a third of the night. (NIV)

This eruption will deposit a 1 meter deep carpet of ash across the USA and coupled with the mega tsunami of Cumbre Vieja in Event 2 will remove America from the world stage.

Joel Chapter 2 Verse 30 - 31 fulfilled.

“I will show wonders in the heavens and on the Earth, blood and fire and billows of smoke. The sun will be turned to darkness and the moon to blood before the coming of the great and dreadful day of the Lord.” (NIV)

As the ash from Yellowstone settles, The sun will appear darkened and fine particles left in the atmosphere will filter out most light wavelengths except red light. This will make the Moon appear blood red for most of the time.

A similar effect can be observed today during a Lunar eclipse.

The eruption of Yellowstone will see massive amounts of Hydrogen Sulphide and Sulphur Dioxide gas thrown up into the atmosphere.

These gasses are a key factor in event 6.

Event 5 - Rev. Ch. 9 V 1 - 5

Locusts have always been a problem but never to the degree that they are today. As temperatures have increased, Locusts have moved with the climate and are now causing havoc as far north in Europe as France.

When faced with a shortage of crops to eat, Locusts have been known to eat the carcasses of other Locusts and failing that, they have been known to eat the clothes of people's backs.

The Locusts in Revelation Chapter 9 for 2,000 years have defied explanation until now. Some people have tried to say they are Helicopter Gunships and not Locusts at all, but would God have to wait for man to invent a machine so that He could bring judgment? I don't think so, otherwise the book of Revelation would be full of mechanical Locusts buzzing about and God would be restricted by man's inventiveness. Apart from this, John was very familiar with Locusts and recognised these as such, but they were like nothing he had ever seen before.

Here's the scripture followed by the natural explanation.

Revelation Chapter 9 Verse 1 - 11 says:

The fifth angel sounded his trumpet, and I saw a star (Angel) that had fallen from the sky to earth. The star (angel) was given the key to the shaft of the abyss. When he opened the abyss, smoke rose from it like the smoke of a giant furnace. The sun and sky were darkened by the smoke from the abyss. And out of the smoke Locusts came down upon the earth and were given power like that of scorpions of the earth. They were told not to harm the grass of the earth or any plant or tree, but only those people who did not have the seal of God on their foreheads (Non Christians). They were not given power to kill them, but only to torture them for five months. And the agony they suffered was like that of the sting of a scorpion when it strikes a man.

During those days men will seek death, but will not find it; they will long to die, but death will elude them.

The locusts looked like horses prepared for battle. On their heads they wore something like crowns of gold, and their faces resembled human faces. Their hair was like women's hair, and their teeth were like lions' teeth. They had breastplates like breastplates of iron, and the sound of their wings was like the thundering of many horses and chariots rushing into battle. They had tails and stings like scorpions, and in their tails they had power to torment people for five months. They had as king over them the angel of the Abyss, whose name in Hebrew is Abaddon, and in Greek, Apollyon. (NIV)

To get an understanding of how this event takes place, we first need to investigate atavisms and taxonomy.

Firstly, atavisms are the appearance of features in an animal or human that look like those of an ancestor.

There are however many "so called" atavisms which are really nothing more than unusual features. Some of these have been labelled "vestigial" however, almost all such organs have been found to have an important use.

A classic example of this mislabelling, is the appearance of pelvic protrusions on whales containing unossified (cartilage that hasn't turned into bone) structures that resemble the femurs, tibia, fibulae and occasionally metatarsals of land dwelling mammals with legs. These protrusions are often quite small and appear to be of no use to a whale which might possess them, however it is now known that they support the penis during coitus.

Occasionally, humans are born with tails containing vertebrae, muscles and nerves and which are covered with skin, hair and sweat glands. Such babies have even been known to have control over the tail in response to their emotional state, though they are usually removed for cosmetic reasons very early on, so it is not known if the control is voluntary.

This is almost certainly due to genetic errors during the development of the foetus. The interesting thing is that human fetuses have for some time in the stages of their early development, have a small tail containing vertebrae.

Under normal conditions of development these vertebrae fuse together, curl underneath and thus form a support to the intestines.

True Atavisms

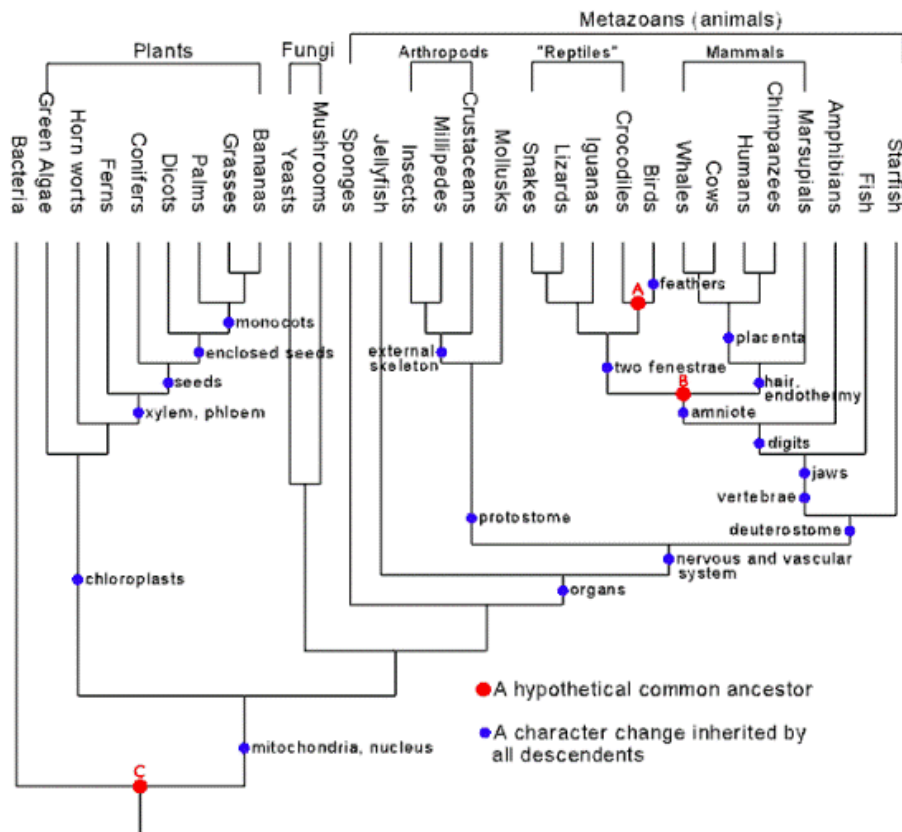

These are organs that are coded in the genetic DNA of an animal but are not expressed in the final animal born. An example is the loss of sight in fish in dark caverns where there is no light. It is possible to breed them and produce a strain that is not blind as the genes have been allowed to be expressed.

There are two possible explanations for an atavism.

The first proposed by evolutionists is that an atavism is a throw back inherited from a common ancestor. The problem with this hypothesis is that it doesn't fit with micro evolution which preaches gradual changes over a long period of time and also, as they are not universal, does not fit with the hypothetical common ancestors. The other problem with the evolution explanation is that evolution doesn't work backwards.

A much more plausible explanation was proposed by Louis Bolk (1866-1930) who concluded that mammals share common design templates and that atavisms were not a genetic throw back to an earlier generation. In these templates are traits which are suppressed in our development due to Genetic or Epigenetic factors that may involve the death of some cells (Apoptosis).

It is the existence of these common design templates which is the key to the strange appearance of the Locusts in the Revelation Chapter 9.

Now, having established that the probability is that God uses common design templates, we now need to establish whether the Locust shares a template with any other creatures. This is where Taxonomy comes in.

The Taxonomist classifies different forms of life based on its similarities. The evolutionist having put all life into groups or Taxa, then assumes a common ancestor for the development of that group.

In the diagram shown above, it is possible to see the hypothetical common ancestors marked by the red dots. It is also worth pointing out that the character changes inherited by all descendants marked by the blue dots are also hypothetical. The important part for the benefit of this article is the Arthropod group.

If mammals share a common templates at differing levels, then Arthropods will also. The Arthropod group includes Locusts, Crickets, Scorpions etc. which will share a common template.

The strange appearance of the Locusts described in the book of Revelation is actually an atavism where Genetic, Epigenetic or the Apoptosis processes have been interfered with and traits that would normally be suppressed in the template

are allowed to develop.

The Locust described is actually a combination of a Jerusalem Cricket which is famed for having a human like face and Locust with various other unsupressed traits coming through. There are also a number of Insects in the Arthropod group which have long silky hair and others that have teeth which fit the description given in the scripture so this creature already exists in design.

The cause of the atavism is toxic metals. Toxic metals are known to cause mutations and deformities.

The adult Locust lays its eggs in the soil, and a soil contaminated with toxic metals as described in The Global Meltdown Domino Effect will result in an atavism as described.

Finally, the scripture says that this plague will last for 5 months of the year.

The lifespan of a Locust is 5 months.

Event 6 - Rev. Ch. 9 V 13 - 18

South of the Dead Sea in Israel are the remains of 5 cities. The Bible tells us that 4000 years ago these 5 cities and the entire surrounding land were completely destroyed by burning Sulphur. After this terrible event, one of the cities was renamed Sodom meaning burnt, and another was renamed Gomorrah meaning heap. A scientific analysis of

the area has confirmed the Biblical account of what happened.

More than this, the Bible tells us it is going to happen again, but this time, on a much larger scale.

Revelation Chapter 9 Verse 13 - 18 says:

The sixth angel sounded his trumpet, and I heard a voice coming from the horns of the golden altar that is before God. It said to the sixth angel who had the trumpet, Release the four angels who are bound at the great river Euphrates. And the four angels who had been kept ready for this very hour and month and day and year were released to kill a third of mankind. The number of troops was 200 million. I heard their number. The horses and riders I saw in my vision looked like this: Their breastplates were fiery red, dark blue and yellow as Sulphur. The heads of the horses resembled the heads of lions, and out of their mouths came fire smoke and Sulphur. A third of

mankind was killed by the three plagues of fire, smoke and Sulphur that came out of their mouths. (NIV)

The army described is spiritual and is dressed in the Trinity colours. It is sent by God himself, but the resulting plague is natural and the most devastating of all which kills a third of mankind. The Sulphur found at Sodom and Gomorrah was pure white, as if the product of a chemical reaction.

How will burning Sulphur rain out of the sky and where does it come from?

Here is the answer...

From the emitted gases and ash particles of the Yellowstone eruption.

The Sulphur dioxide gas quickly mixes with water vapour in the atmosphere and becomes Sulphur trioxide then Sulphuric acid.

The Hydrogen sulphide gas breaks down in the presence of oxygen. The Sulphur element breaks away and crystalizes around particles of ash in the atmosphere. These crystals are pure white.

(This effect can be seen around geyser blow holes like Old Faithful in Yellowstone Park)

As the Sulphur crystals in the atmosphere become larger, gravity takes over and they fall back to earth. As they fall through the clouds of Sulphuric acid, heat is generated and they ignite.

Natural Sulphur is always yellow, but as it burns it turns red like blood and in the presence of oxygen burns with a blue flame. (The Trinity colours)

Isaiah Chapter 30 Verse 26 fulfilled.

“The moon will shine like the sun, and the sunlight will be seven times brighter, like the light of seven full days, when the Lord binds up the bruises of His people and heals the wounds He inflicted.” (NIV)

The Sulphur crystalized around particles of ash and falling burning from the sky will do a lot to clear up pollutants from the atmosphere. For this reason at this point the Moon will no longer appear blood red. However, burning Sulphur gives off Sulphur dioxide gas and as previously described this mixes with water vapour in the atmosphere and becomes clouds of Sulphuric acid. These clouds will double up the clouds of Sulphuric acid created by the Yellowstone eruption.

Clouds of Sulphuric acid reflect light, so light from the sun and moon travelling to Earth through gaps in the clouds will be trapped. This will give the appearance of the sun and moon being many times brighter than is normal.

Event 7 - Rev. Ch. 11 V 13

Over the centuries there have been many earthquakes in the Middle East.

Earthquakes are confined to the earth's crust. Most occur within 40 miles of the surface though a few extend ten times deeper. Stress accumulates gradually as the continental plates move and mountains shift and this is relieved periodically through gradual creep or sudden jolts.

Israel lies immediately adjacent to the African Rift Zone, the deepest known break in the earth's crust. Along this zone are a number of active volcanoes including Mt. Kenya and Mt. Kilimanjaro. The rift travels right up through the Promised Land to the Jordan Valley and the Dead Sea is a product of the rift's activity.

Previous known earthquakes have produced a total displacement of the Arabian and African Plates of the order of only 3 to 4 meters. Based on plate movements observed elsewhere around the world, 2000 years of history should have produced a displacement of about 14 meters. The large amount of unrelieved stress (-10 meters) along the African Rift Zone today also implies a major earthquake is long overdue in the Promised Land.

Revelation Chapter 11 V 12 - 13 say:

Then they heard a loud voice from heaven saying to them, "Come up here." And they went up to heaven in a cloud, while their enemies looked on. At that very hour there was a severe earthquake and a tenth of the city collapsed. Seven thousand people were killed in the earthquake, and the survivors were terrified and gave glory to the God of heaven. (NIV)

It is quite possible that the Dome On The Rock could be a casualty of this earthquake. That being the case then it is likely that a new temple would be constructed on the site, much to the upset of the Muslim community.

A Summary of The Seven Trumpets

The Trumpets in the book of Revelation will completely change the shape of the world as we know it. When the trumpets sound, there will be a global economic collapse. Cumbre Vieja and Yellowstone will reduce the United States to rubble. China will be flooded, Australia and Africa almost uninhabitable. Russia and India will be in the grip of drought and floods. This will leave only Europe and the Moslem countries to the east as possible trading partners. Rising seas will destroy the coastal cities and properties of the rich. The merchant class will be bankrupt and the most valuable asset will be land to produce food.

The world as we know it will be reduced back to exactly where it was 2,000 years ago in the time of the Roman Empire.

Rationing and martial law is introduced.

As a result of previous events and the next event due, food will be in short supply as will be land.

It is likely that a system of rationing will be introduced and this will be strictly enforced by the armed forces to ensure everyone has a fair share.

Event 8 - Rev. Ch. 16 V 1 – 2

Due to the events that have already taken place, we have seen a massive build up of Sulphuric acid and Carbon dioxide in the atmosphere.

This in turn has increased the strength of acid rain and lowered the pH value of the soil, it has also released further toxic metals to the point where the soil can no longer support the growing of crops particularly fruit and vegetables. This problem is contributed to by

floods which carry the toxic metals described in **Event 3** from natural sources and deposit them on the land.

A famine of fruit and vegetables means that people will develop Scurvy.

Scurvy is a skin condition which used to plague the Egyptians but most commonly sailors used to suffer with Scurvy caused by a deficiency of vitamin C due to a lack of fresh fruit and vegetables during long voyages. The sufferer breaks out in ugly and painful sores.

Revelation Chapter 16 V 1 - 2 says:

The first angel went and poured out his bowl on the land, and ugly and painful sores broke out on the people who had the mark of the beast and worshipped his image.

(NIV)

This event like Event 1 “Burning Hail,” is a plague on the land, only worse.

During the Irish Potato Famine in the 1800-s about 50,000 people died of Scurvy. To prevent Scurvy, British sailors used to carry lime juice hence the term “Limeys” and German sailors used to carry Sauerkraut, hence the term “Krauts”

Event 9 - Rev. Ch. 16 V 3

We have already touched on this subject in Event 2 “Cumbre Vieja.” This phenomenon is called a “Red Tide” which is slightly odd as it has nothing to do with tides.

In the sea bed and rivers live algae called Dinoflagellates which under certain conditions can float to the surface. Some of these algae produce harmful toxins but worse still; there is a bacteria which finds its way into the flesh of other marine life and then produce toxins that eat away at the creature from the inside. This single cell creature is called Pfiesteria and is affectionately known as the “cell from hell”. Waters infected with Pfiesteria take on a reddish brown appearance like blood.

The conditions required to cause a bloom are: Increased pollution and an increase in temperature and or light.

Revelation Chapter 16 V 3 says:

The second angel poured out his bowl on the sea, and it turned into blood like that of a dead man, and every living thing in the sea died. (NIV)

Like Event 2 Cumbre Vieja, this event is a plague on the sea, only worse.

A book about Pfiesteria has recently been released. It is called...
“And the Waters Turned to Blood.”

This event will be triggered by previous events: Carbon Dioxide causing excessive temperatures, sea temperatures rising as a result, and excessive light trapped by clouds of Sulphuric Acid created by Yellowstone and the burning Sulphur of Event 6, and the spread of the Red Tide in the Atlantic caused by the tsunami of Cumbre Vieja.

Event 10 - Rev. Ch. 16 V 4

In Event 3 we saw how the springs and rivers became acidic and were contaminated with toxic metals.

Event 10 is a progression of Event 3. Living in the river beds are bacteria similar to those that live in the sea and cause “Red Tides”

They are called Extremophile Aerobic Bacteria because they thrive in acidic conditions.

These bacteria have also been found in caves in southern Mexico.

They live in an inhospitable environment where toxic Hydrogen sulphide gas spews out of the ground and neat Sulphuric acid drips from the roof.

In a very short time because of the high levels of acid in natural water resources, not only will these bacteria become prevalent in the world’s springs and rivers but also they will oxidize iron deposits turning them into rust.

Revelation Chapter 16 V 4 says:

The third angel poured out his bowl on the rivers and springs of water, and they became blood. (NIV)

Pictured above is the Rio Tinto river in Spain. Due high levels of acid in the water, the effect described in this event has already taken place.

Event 11 - Rev. Ch. 16 V 8

It's not difficult to see how we are going to get to a position where the sun will scorch people's flesh.

Firstly apart from our own Carbon Dioxide emissions over the last 100 years, you then have billions of tons of Methane going up into the atmosphere, Methane being about 21 times better at trapping heat. Although most of this is burnt off you still have massive amounts of Carbon Dioxide going into the atmosphere as a result of all the burning vegetation caused by the burning hail in Event 1.

There is also the Carbon Dioxide that is given off as a result of all the fires of Event 6.

Revelation Chapter 16 V 8 says:

The fourth angel poured out his bowl on the sun, and the sun was given power to scorch people with fire. They were seared by the intense heat and they cursed the name of God, who had control over these plagues, but they refused to repent and glorify him. (NIV)

Like Event 4 "Darkness," this event is also a plague on the sun, only worse.

Event 12 - Rev. Ch. 16 V 10

In the Pacific ring of fire in the not too distant past, the super volcano Toba erupted.

The deep Java trench marks the line where the Indo-Australian plate subducts, i.e. slips under, the section of the Eurasian plate on which Indonesia sits. The Indo-Australian plate heats up and its water content turns to superheated steam under enormous pressure. Prodigious energies are generated and the volcanoes on the fault line release a part of these energies.

According to computer models, somewhere near Toba, along the fault line there may be another super volcano getting ready for eruption. The Indo-Australian tectonic plate has slid 3.1 miles under the Eurasian tectonic plate and has created enough magma for a super volcano.

The recent series of volcanoes in that area have increased the level of alarm. If Toba erupts, it will bring the human race to its knees. It will plunge the world into darkness and be so devastating that temperatures could drop by 30 degrees Fahrenheit. It could actually be larger than the one Toba experienced previously.

Revelation Chapter 16 V 10 says:

The fifth angel poured out his bowl on the throne of the beast, and his kingdom was plunged into darkness. Men gnawed their tongues in agony and cursed the God of

heaven because of their pains and sores, but they refused to repent of what they had done. (NIV)

Like Event 5 “Locusts,” this event is a plague of the air, only worse.

Event 13 - Rev. Ch. 16 V 12 & 16

Har Megiddo (Armageddon)

A United Nations survey recently revealed that at least half of the world’s rivers are either drying up at an alarming rate or are seriously polluted.

The Nile and Pakistan’s Indus are greatly reduced by the time they reach the sea. Some, such as the Colorado and China’s Yangtze, now rarely reach the ocean at all. Others, such as the Jordan and the Rio Grande on the US-Mexico border, are dry for much of their length. Even the Amazon was hit by its most serious drought on record last autumn (2005), and salmon are dying in Alaska’s Yukon River because its waters are getting too hot.

At the point at which we arrive at this event, the Euphrates like the world’s other rivers won’t be able to support life.

Revelation Chapter 16 V 12 & 16 says:

The sixth angel poured out his bowl on the great river Euphrates, and its water dried up to prepare the way for the kings of the East.

Then they gathered the kings together to the place that in Hebrew is called Armageddon. (NIV)

Redsky is not a political organization, but this scripture does need some explanation.

The kings of the east would seem to refer to Iran, Syria, Iraq, Jordan, Afghanistan, Pakistan, India, Bangladesh, Malaysia and Indonesia.

They gather at Har Megiddo intent on invading Israel because they believe that the end of the world has come and also because Mohammed said, “The resurrection of the dead will not arrive until you fight the Jews and kill them.”

The United States because of the previous catastrophic events will not be in a position to either protect or help Israel in any way.

Why does the Euphrates need to dry up to allow an invasion of Israel?

The volcanic ash emitted by the previous event will make it impossible to fly aircraft or use guided weapons of any kind. The only possible mode of attack is by land and probably on horseback.

This event is similar to Event 6 “Fire Smoke and Sulphur”. In event 6, God releases a spiritual army to bring devastation. The drying up of the Euphrates will open the door for a literal army to invade Israel.

A recent UNEP report indicated that the Euphrates could dry up by 2025 and Redsky has recently updated this to Christmas 2023.

Event 14 - Rev. Ch. 16 V 17,18,20 & 21

The magnitude of an earthquake is related to the length of the fault on which it occurs — the longer the fault, the larger the earthquake. To generate a super earthquake of 10.5 magnitude would require a fault 1000 miles long. The largest earthquake ever recorded was a magnitude 9.5 on May 22, 1960 in Chile on a fault that is almost 1,000 miles long. The African Rift Zone on which Israel sits is about 3,500 miles long.

The magnitude scale is open-ended, and scientists can't rule out a "Mega Quake" because they've only been measuring earthquakes for 100 years.

Revelation Chapter 16 V 17, 18, 20 & 21 says:

The seventh angel poured out his bowl into the air, and out of the temple came a loud voice from the throne, saying, "It is done!" Then there came flashes of lightning, rumblings, peals of thunder and a severe earthquake. No earthquake like it has ever occurred since man has been on the earth, so tremendous was the quake.

Every island fled away and the mountains could not be found. From the sky huge hailstones of about a hundred pounds each fell upon men and they cursed God on account of the plague of hail, because the plague was so terrible. (NIV)

The largest recorded hailstone to date weighs in at 2.7 pounds. The size of a hailstone is governed by the power of the storm that creates it. The more powerful the storm, the longer the hailstone stays up gathering ice, until the forces of the storm can no longer keep it aloft.

So, is it all over? Is it the end?

This Is The Way

Why is God doing this?

We have done it to ourselves. We have been a consumer driven society (Idolatry) and have loved the work of our own hands instead of God. And of course, the motor car is top of the list for a lot of people.

Everything that is coming upon the planet is a product of our love of consumerism and globalization, but cannot take place without God's permission.

For God to let us know beforehand what is coming and what to do, that is an act of God's love.

Also because we have pushed God out of our lives in favour of consumerism, the type of people we have become has changed and is summarized in the following...

2 Timothy Chapter 3 Verses 1-4 say:

But mark this: There will be terrible times in the last days. People will be lovers of themselves, lovers of money, boastful, proud, abusive, disobedient to their parents, ungrateful, unholy, without love, unforgiving, slanderous, without self control, brutal, not lovers of the good, treacherous, rash, conceited, lovers of pleasure rather than lovers of God. (NIV)

Is it too late to turn the clock back?

Yes. (By about 250 years)

What is the timescale of events?

God gave Noah 120 years advanced warning of the coming flood, (the judgement of water). In those days, people lived 10 times longer than they do today. 120 years to Noah would be 12 years by comparison in our life times. God started to reveal these events, (the judgement of fire) in December 2004.

What is the purpose of this revelation?

The purpose of this revelation is to warn people about what is coming, and in doing so turn their attention to the Bible and their worship to God.

Who gave the Revelation in the Bible?

Jesus did.

When did Jesus give the Revelation in the Bible?

Jesus gave the Revelation not during his normal lifetime or after God had raised him from the dead. He gave it once he had ascended into heaven, so Jesus is alive today in heaven.

If God loves us, why does he want to destroy us?

God does love us and doesn't want anyone to perish, so much so that Jesus Himself says...

John Chapter 3 Verse 16

For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life. (NIV)

I believe that Jesus existed, but how will that save me from what is coming upon the planet?

The answer to this is that you must have God's law in your heart.

Isaiah Chapter 51 Verses 6-8 say:

Lift up your eyes to the heavens, look at the earth beneath; the heavens will vanish like smoke, the earth will wear out like a garment and its **INHABITANTS DIE LIKE FLIES**. But my salvation will never fail. Hear me, you who know what is right, you people who have **MY LAW IN YOUR HEARTS**: Do not fear the reproach of men or be terrified by their insults. For the moth will eat them up like a garment; the worm will devour them like wool. But my righteousness will last for ever, my salvation through all generations. (NIV)

When God's people were slaves and prisoners in Egypt, God sent a number of plagues which fell upon the Egyptians. God's people were unaffected by the plagues even though they lived in the same place.

How do I get God's law into my heart?

Firstly, Jesus is God's law and secondly, none of us are perfect.

Romans Chapter 10 Verse 4 says:

Christ is the end of the law so that there may be righteousness for everyone who believes. (NIV)

Romans Chapter 3 Verse 23 says:

For all have sinned and fallen short of the Glory of God. (NIV)

How do I put it right?

Acts Chapter 3 Verse 9 says:

Repent then, and turn to God, so that your sins may be wiped out, that times of refreshing may come from the Lord. (NIV)

Romans Chapter 10 Verse 9 says:

That if you confess with your mouth, "Jesus is Lord", and believe in your heart that God raised him from the dead, you will be saved. (NIV)

To do this, say the following prayer.

Dear Father God. I know that I have sinned and fallen short of your glory. I ask that you forgive me. I believe that Jesus died for me. I believe that he rose again and is alive today in heaven. I confess that Jesus Christ is Lord and Lord Jesus, I ask you into my life to be with me, for ever. Amen.

If you are a Christian, this message is for you.

With the vision of the Trumpets and the Bowls came this Word from Isaiah Chapter 30. V 20 – 26. Below are the scriptures with an explanation and an instruction from God for every Christian on the planet.

20 Although the Lord gives you the bread of adversity and the water of affliction,
(This refers to the first Six Trumpets)

your teachers will be hidden no more; with your own eyes you will see them.

21 Whether you turn to the right or to the left, your ears will hear a voice behind you, saying, "This is the way; walk in it."

(This is a call for every Christian on the planet to take to the streets and share The Gospel during the first Six Trumpets. This is your opportunity to be a part of the fulfilment of Bible scripture)

22 Then you will defile your idols overlaid with silver and your images covered with gold; you will throw them away like a menstrual cloth and say to them, "Away with you!"

(This Scripture sees people turning away from their worship of consumerism and turning back to worshipping God. It was the worship of consumerism and particularly the motor car that brought the judgments in the first place)

23 He will also send you rain for the seed you sow in the ground, and the food that comes from the land will be rich and plentiful. In that day your cattle will graze in broad meadows.

24 The oxen and donkeys that work the soil will eat fodder and mash, spread out with fork and shovel.

(This isn't a general blessing, it's literal. Food will be very scarce and certainly rationed. Part of the Redsky ministry is to encourage people to start growing their own food)

25 In the day of great slaughter, when the towers fall, streams of water will flow on every high mountain and every lofty hill.

(This refers to the World Trade Centre, 911)

26 The moon will shine like the sun, and the sunlight will be seven times brighter, like the light of seven full days,

(After the Sixth Trumpet, the burning sulphur, clouds of sulphuric acid are formed which trap light from the sun and moon making them appear very much brighter)

when the LORD binds up the bruises of his people and heals the wounds he inflicted.

(This refers to the Seventh Trumpet and The Rapture. Our mission is over and it's time to go home)

Our Web sites

Redskynews.com is our official web site. It contains details of the Global Meltdown Domino Effect plus practical advice on what you should do during the coming years. There is also a section called “Meet The AntiChrist” where we reveal what he is doing at the moment, how he will take over, what the mark of the beast is, plus we name him. There is also climate news from around the world and global meltdown archives. These are signatures of the events in this publication beginning to happen already.

The site also contains a number of free publications which you can download including The 96 Theses, The Little Scroll and Blasphemy & Identity.

We also have a number of creation resources and videos on the site to show those people that believe in evolution as an alternative to God, that they’ve been duped. For the last few hundred years we have been led to believe that the universe and life itself evolved all on its own. We prove absolute that evolution over millions of years never happened plus we also prove that the universe was planned with the stationary Earth at the centre. (Many thanks to Malcolm Bowden whose years of painstaking scientific research made the site possible)

There are also a number of Malcolm Bowden’s books for sale on the site.
